

INSTRUCTIONS

Art Voices

We want to SEE your perspective! As part of the ClowNexus project, we are collecting ideas and perspectives about clowning from six different countries in Europe. This information will be used for the project's baseline evaluation to understand current clowning experiences and to prepare for new clowning activities with the elderly and children.

The Challenge

Please TAKE A PHOTO or DRAW A PICTURE to answer this question:

What does clowning mean to you?

Write a brief (1-3 sentence) explanation of your photo/drawing.

Email your submission to me by [date].

Considerations

Be creative! There is no right or wrong answer so you can express yourself any way that you want. There are so many ways to answer this question, and you have a unique viewpoint.

But... Be private! We would like to use your submissions in the Virtual Gallery Show. So, to protect privacy, please do not take pictures of the participants (such as the elderly in homes or children in schools). You may take photos of other adults if they grant you permission.

Questions?

Please contact XXX.

THANK YOU!
