

## INSTRUCTIONS

### Show or Tell

#### The tools

**Briefly tell us about the tools you chose to share (same as uploaded on the SharePoint). You can be as creative as you'd like here and either tell us about the tools and/or show us how you use them in practice. Any pictures, objects used or representing the essence of your tools that would help transport our imaginations closer to your specific practice will be a super helpful!**

#### Guiding Question:

What were the tools, how did you use them and with what intention (how you chose the tools and why)?

#### Reflections

**Share back what you observed and found important about using these tools.**

#### Guiding Questions:

- What important observations did you have in relation to **who** you used the tool with, **where** and **how**?
- What happens when you use the tool? (to you, your artistic partner, the target groups, the settings where you work)
- What of this has been in line with your expectations and what has not?

#### The risk

**Show us or tell us about the risks you have taken when exploring the depths of these tools.**

#### Guiding Questions:

- Why this risk and what made it risky for you?
- What did it give you?
